PROFESSIONAL SUMMARY

Results-oriented Data Professional with over 10 years of experience in Systems Engineering and Database Administration. Specialized in architecting automated ETL pipelines, managing scalable RDBMS (PostgreSQL, MySQL), and deploying high-performance data infrastructure on Linux environments. Proven track record of leveraging real-time market data to drive strategic financial decision-making and operational excellence.

TECHNICAL SKILLS

- **Data Engineering:** ETL/ELT Pipelines, Data Architecture, REST APIs (Binance), Airflow, Kafka.
- **Databases:** PostgreSQL, MySQL, IBM Db2, NoSQL, Schema Design, Performance Tuning.
- **Programming:** Python (Pandas, Matplotlib, NumPy), SQL, C++, Shell Scripting.
- **Tools & Frameworks:** LaTeX, IBM Cloud, Docker, Jupyter Notebooks, Git, MS Office.
- **Infrastructure:** Red Hat Enterprise Linux (RHEL), Server-side Security, Virtual Machines.

PROFESSIONAL EXPERIENCE

ISIS S.R.L. (Engineering of Information Systems and Software)

Remote

Data Engineer

Jul 2023 – Nov 2025

- Architected automated ETL processes using Python to ingest and process real-time market data from the Binance API (BTC/ETH).
- Engineered a scalable PostgreSQL storage solution on Red Hat Enterprise Linux (RHEL), ensuring 99.9% data availability for high-frequency transactional data.
- Managed server-side security and performance tuning for the RHEL environment, optimizing database queries for real-time processing.
- Developed predictive models and data visualization tools using Python libraries (Pandas, Matplotlib) to identify market trends and support financial decision-making.

Hobbie 3D Print

La Paz, Bolivia

Owner and CEO

2018 – 2023

- Led technical and strategic direction, optimizing 3D printing workflows using Python and C++ scripts.
- Built and managed data-driven financial forecasting models and automated inventory logistics systems.
- Increased operational efficiency by 30% through automated administrative reporting and supply chain tracking.

Velarde Construcciones SRL

La Paz, Bolivia

Project & Database Coordinator

2013 – 2018

- Administered MySQL databases, ensuring high availability through rigorous backup protocols and query optimization.
- Designed and deployed custom inventory management databases that reduced resource waste and improved cost-control.
- Managed international logistics and cross-border electronic fund transfers (EFT).

Aceros Arequipa

La Paz, Bolivia

Database Administrator

2012 – 2013

- Managed MySQL environments, focusing on database security, schema design, and performance tuning.
- Deployed and maintained virtual machine (VM) environments to maximize server hardware efficiency.

EDUCATION & CERTIFICATIONS

Universidad Privada Boliviana · B.S. in Industrial and Systems Engineering	2012
IBM Data Engineering Professional Certificate · Coursera	2023
Credential: W8KEPFZX9XGF	
Duolingo English Test - B2 Upper Intermediate (Score: 125/160)	2024
Certificate: m6cxpufhsvzed86x	

LANGUAGES

- **English:** Upper Intermediate (B2) - Duolingo Score 125/160.
- **Spanish:** Native Proficiency.
