PROFESSIONAL SUMMARY

Results-driven Industrial and Systems Engineer with over 10 years of expertise in Revenue Management across the hospitality and aviation industries. Proven ability to optimize profitability through data-driven pricing strategies, competitive benchmarking, and comprehensive financial forecasting. Adept at leading high-performing teams, developing strategic reports for C-level executives, and aligning cross-functional operations to meet ambitious commercial targets. Strong analytical acumen complemented by a commitment to continuous improvement and exceptional customer service.

CORE COMPETENCIES

- **Revenue Management:** Pricing Strategy, Yield Management, Budgeting, Cost Control, E-commerce.
- **Data & Analysis:** Competitive Benchmarking, KPI Tracking, Demand Forecasting, Route Economics.
- **Leadership & Strategy:** Cross-functional Leadership, Executive Reporting, Project Management.
- **Tools & Technical Skills:** Advanced MS Office (Excel), Data Analytics Tools, Financial Modeling.

PROFESSIONAL EXPERIENCE

Hotel Camino Real

La Paz, Bolivia

Corporate Revenue Manager

Jan 2019 – Present

- Direct annual revenue budgeting and strategic planning for six business units, presenting multiple forecasting models to C-level executives and the Board of Directors.
- Monitor competitor pricing across online channels and dynamically adjust proprietary rates to maintain market competitiveness and maximize overall revenue.
- Develop and execute comprehensive monthly financial closings, generating over 12 detailed performance reports to evaluate sales and drive strategic commercial tactics.
- Conduct deep-dive analyses on indirect sales channels and ad-hoc negotiations to optimize pricing structures and hospitality costs.

Amazonas

La Paz, Bolivia

Route Economics Manager

Mar 2017 – Jun 2018

- Designed and implemented an analytical model to evaluate the profitability of each route operated by the corporate group, providing clear visibility down to the individual flight and date.
- Allocated associated costs to each route to project future financial scenarios and define goals aligned with expected corporate profitability.
- Collaborated closely with Strategic Planning to provide critical cost estimates for financial modeling.

Revenue Management Manager

Aug 2015 – Feb 2017

- Led the revenue optimization strategy utilizing historical data analysis, competitive benchmarking, and market trend forecasting.
- Coordinated the Revenue Management team and partnered cross-functionally with commercial departments to design tactics that maximized corporate income.
- Delivered executive reports and performance presentations to Senior Management, directly influencing strategic business decisions.

Revenue Management Analyst

Sep 2014 – Jul 2015

- Analyzed historical data and demand patterns to support the design of revenue maximization tactics.
- Generated periodic performance reports to facilitate continuous improvement in commercial operations.

Banco Mercantil Santa Cruz

La Paz, Bolivia

Personal & SME Account Executive / Platform Executive

Apr 2012 – Mar 2014

- Managed a diverse portfolio of personal banking and Small/Medium Enterprise (SME) clients.

- Conducted financial evaluations for credit applications and designed strategies to acquire new clients.
- Provided direct customer service, resolving operational issues and mitigating conflicts efficiently.
